The pursuit of purity

MILKEASY
MILKING MACHINE

How do we keep it pure?

Prompt provides innovative solutions for an efficient dairy procurement supply chain. From farm management and milk collection to quality analysis and preservation, we have different equipment and software to ensure that the purity of milk is retained at every step.

Our unique offering, the MilkEasy Milking Machine helps eliminate the contamination that usually happens in the traditional milking process, thereby achieving the minimum bacterial count. Also, the machine milks the animals gently, which avoids any risk of injury to them.

Our product in this pursuit – MilkEasy Milking Machine

DESIGNED FOR EFFICIENCY
AND PERFORMANCE!

Now, maintain supreme hygiene while you milk your cattle fast. While you save time, you also retain the quality of milk and ensure comfort to the animal.

FEATURES:

- Easy-to-move trolley with large heavy duty wheels
- Strongly built for tough conditions
- Single and double buckets available
- 25-30 litre stainless steel bucket
- Electric motor – Direct coupling with vacuum pump, having highest level of safety
- Low noise to avoid any discomfort to the cattle
- Easy-to-operate so that one person can deal with everything
- Long working life of machine
- Milk Tube is transparent, easy to clean and has food-grade, non-toxic quality standards
- Premium quality of clusters and liners used to ensure cattle comfort
- Interlocking to prevent injury to cattle

Working vacuum	-40 to -50Kpa (adjustable)	-40 to -50Kpa (adjustable)	-40 to -50Kpa (adjustable)
Pulsation ratio	60:40	60:40	60:40
Pulsation time	60 times per minute	60 times per minute	60 times per minute
Vacuum pump power	0.55 KW	0.75 KW	0.75 / 1.1 KW
Vacuum pump capacity	200 LPM	240 LPM	240 / 400 LPM

WHAT ARE ITS BENEFITS?

- Limits bacterial growth
- Better udder health
- Maximizes milk yield
- Retains milk quality
- Quick to set-up & start
- Designed to ensure animal comfort and cleaning
- Reduces dependency on skilled farm workers
- Much faster than milking by hand
- Highly efficient and easy to operate
- More time available for farm management

MILKING MACHINE STARTER KIT INCLUDES:

Milk Tube Brush

Designed to remove milk traces from milk tubes

Milk Liner Brush

Designed to remove milk traces from milk liners
